SECURITY ATTRIBUTES FOR ACCESS  
CONTROL

This is a decision on the petition, filed July 2, 2007, under 37 CFR 1.137(b) to revive the above-identified application.

The petition is **GRANTED**.

The above-identified application became abandoned for failure to timely submit a reply within three (3) months of the mailing of the June 28, 2005 non-final Office action. No response being received and no extensions of time being obtained under the provisions of 37 CFR 1.136(a), this application became abandoned on September 29, 2005. A Notice of Abandonment was mailed on January 12, 2006.

Applicants have submitted an amendment in reply to the June 28, 2005 non-final Office action, an acceptable statement of the unintentional nature of the delay in responding to the June 28, 2005 non-final Office action, and the \$1,500.00 petition fee.

The statement of unintentional delay was not signed by a person who would have been in a position of knowing that the delay in filing a timely response was unintentional. In the event that practitioner has no knowledge that the delay was in fact unintentional, practitioner should make a reasonable inquiry to ascertain that, in fact, the delay was unintentional. If practitioner discovers that the delay was intentional, practitioner must so notify the Office.

All of the requirements under 37 CFR 1.137(b) being met, the petition is granted.

After the mailing of this decision, the application will be returned to Technology Center AU 2131 for consideration of the amendment filed on July 2, 2007.

Telephone inquiries should be directed to the undersigned at (571) 272-3230.
